PREFACE

**Thiru. K. Phanindra Reddy, I.A.S.,
Additional Chief Secretary /
Commissioner of Revenue
Administration /
State Relief Commissioner.**

**Tamil Nadu Disaster
Risk Reduction Agency,
Chepauk,
Chennai – 600 005.**

Disaster Management, in the context of increasing extreme weather events is a challenging task, which can be effectively managed only with the coordinated action of multiple agencies involved in Disaster Management. Coordination among various agencies can be achieved only when a proper communication system is put in place. Communication plays an important role in reaching the citizens through appropriate agencies during periods of disaster and ensure their safety and well-being. The role played by mobile, smart phones and landlines in communicating early warning messages and forecast from various agencies is critical.

In view of the vital role played by communication in Disaster Management, Tamil Nadu Disaster Risk Reduction Agency has decided to bring out a directory for better connectivity and dissemination of information among various stake holders and for communication by Operational users with First Responders and the community. The directory captures the phone numbers of landline, Mobile numbers of officers and e-mail address of the offices/officers.

We hope that the directory will enable the various stake holders to provide timely messages to the community and prove to be helpful for effective communication among various line departments.

Any suggestions for improving / updating the information available in the directory may be sent to tnstateeoc@gmail.com

Chennai – 600 005

Date : 18 -10-2021

(K. Phanindra Reddy)

Tamil Nadu State Disaster Management Authority

Pre-Cyclone Precautions

1 Preparatory stage

- Rely on official information from IMD, TNSDMA (Facebook, Twitter), TN SMART App
- Maintain power back up
- Be tuned to radio & TV for official updates

2 House Protection

Stay calm and do not panic.
All windows and doors should be closed.

3 Valuables & Document Protection

Keep your valuables and documents in water proof containers.

4 Stock up on Supplies

Stock essential food, water and medicines for 7 days.

Emergency kit

Prepare an emergency kit with essential items such as, Rope, torch light, match box, candles, batteries, band aid, knife, dry foods, water, medicines, glucose etc.
